

## NESAT XIII – information for participants of an excursion

The last day of the NESAT XIII conference i.e. **Friday 26th May 2017** the excursion to Prague will take place. You will have the opportunity to see two places: Prague Castle and the City Museum. The permanent exposition The Story of Prague Castle is held at Prague Castle where textiles originated from an archaeological excavation of Prague Castle are exposed, and the depository where not exhibited textiles are stored. The exhibition about a medieval textile production and dyeing will be held at City Museum where also textiles originated from an archaeological research of rubbish dumps of waste in Prague – New Town will be presented.

Three buses will depart from Liberec on 26th May 2017 one by one, the first one on 7:00 a.m., the second one on 8:30 a.m. and the third one on 9:30 a.m. It was set up in this way because of the bus capacities and the organisational reasons connected with sightseeing in both places. Participants in each bus will have a different excursion schedule according to in which bus they will go (see below). A guide will be on each bus who will be familiar with program details and will accompany you during the whole excursion program.

The allocation of excursion participants into the individual buses will take place during the first conference day (on Tuesday 23rd May 2017).

A lunch will also be part of the excursion in a restaurant on the route between Prague Castle and City Museum. **It is not included in the excursion fee** (the price will be around 200 CZK/8 Euro). A choice from several kinds of meals will also take place on the first conference day (on Tuesday 23rd May 2017). Due to the demanding excursion we recommend participants to take a small refreshment and drink with them.

Count also on a walking transfer between Prague Castle and City Museum which takes about **45 minutes** and leads from Lesser Town to the Old Town. Who will not be able to pass a walking transfer, can use a car of organisers (the maximum capacity is 7 people). The excursion will end late in the afternoon. Then, all three buses will go back to Liberec. Because some of you will not want to return to Liberec and will want to take the opportunity to spend the following weekend in Prague or will go immediately home, **you will have a possibility to take your baggage with you. You will be able to leave it in the locked bus during the excursion and after the program you can pick it up there.** You can find exact information about the time and place of buses departure on following pages.

Be aware please that participants of the excursion have to be divided into three buses equally as the maximum capacity of each group is 35 people.

## **An important notice for visitors of Prague Castle Prague**

Castle is a seat of the president of the Czech Republic, therefore, an increased security arrangement are held in the whole area including passing through an X-ray frame.

It is necessary to collect the list of all participants in advance in order to make the excursion easier. The list must contain all names and numbers of passports or IDs valid at the time of the conference.

Therefore, we ask all participants of the conference **to send us all demanded data to the address [nesat2017@arup.cas.cz](mailto:nesat2017@arup.cas.cz) no later than on 31st March 2017.**

Access to the guarded space where the depository is placed will not be allowed without sending it in time, unfortunately.

Please, send all your questions regarding the excursion also on [nesat2017@arup.cas.cz](mailto:nesat2017@arup.cas.cz).
